

FEMA

Great News! FEMA has updated the Map Store and it is much easier to find the map your are seeking. To take a look go to:

- Go to www.FEMA.gov and click on the Flood Map Store (on the left hand panel)
- Click on Map Search (on top menu bar)
- Click on Drop down box and select ONLINE
- Enter Property Address and Click on GO
- Map Panel Information will appear - Click on VIEW (Green Button)
- The map will appear - You can zoom in to see flood zones or recenter to find property and then create a FIRMETTE which will display the MAP and the PANEL INFORMATION

Take a look, it is easy and we should look at if for presentation to our agents.
