

# Angel's Place

**Angels' Place is a charity for families with children diagnosed with life-threatening illnesses, including cancers. They provide children's respite care and other aid to clients in the greater New Orleans area.**

There are many struggles that come with having a life-threatening condition, even more so when the patient is a child. How is a child to cope with the treatments, and how does a parent cope with their child being in danger? The emotional and financial stress is a lot for a family to bear. Many parents in this situation don't have anyone to turn to for help. That's why we're here. Make a difference in the greater New Orleans community; join Angels' Place in helping these families.

**They depend on volunteers and donors to help these families cope when their children's lives are hanging in the balance. Will you join us?**
