Senior Executive, LED

Earn 4 CE credits and explore the current supply chain from Asia to the U.S. Learn about the new game changers for 2015-2020 that may disrupt global supply chain routes and impact real estate decisions. This program focuses on industrial and retail brokerage strategies for site selection and rental rate negotiations. We will evaluate advantages and disadvantages of the basic intermodal services (rail, air, trucking and shipping) that play a role on acceptable building occupancy costs.
